I need to discuss with Ed, but we should be okay by Friday, best I can tell.

I hope we're still for comments by Friday. Let me know if anything changes. Thanks so much!

I can give you comments within the next two weeks (let's say Sept 2).

I'm afraid I need you (or Ed Garland) to review Chapter 4 of the attached FFS Data Evaluation Report #2 for consistency with the Newark Bay CSM. Let me know when you might be able to review and comment (preferably within the next 2 weeks?)

(I'm only attaching the e-mail below as a reminder of what these Data Evaluation Reports are - I'm not asking for your review of all of them - only Chapter 4 of #2.)

Subject: Data Evaluation Reports

You may recall from past conference calls that the FFS Comprehensive Conceptual Site Model (CCSM) is being broken up into more reader-friendly (and shorter) sections. There will ultimately be a 30-page CSM that tells the story, supported by various data appendices that provide detailed information to back up that story. The data appendices (aka Data Evaluation Reports) are taken from the original CCSM chapters, updated with new information where necessary.

Following is the list of documents that make up the new "reader-friendly" CSM:

CSM
Data Evaluation Report 1: Site Setting
Data Evaluation Report 2: Boundary Conditions
Data Evaluation Report 3: Historical Sediment Contamination
Data Evaluation Report 4: Surface Sediment Contamination
Data Evaluation Report 5: Source Pattern Analysis
Data Evaluation Report 6: Mass Per Unit Area
Data Evaluation Report 7: Biota Analysis

I am about to send you three of the 7 Data Evaluation Reports (1, 2, 5), for your review. They will be sent in separate e-mails, because the files are large - in each e-mail, I will indicate from what chapters of the original CCSM each Data Evaluation Report comes and whether there have been any substantive changes.

We are still working on the other Data Evaluation Reports.

Please send me your comments on these 3 Data Evaluation Reports by COB August 22.

I would like to schedule a conference call on August 17 or 18 to answer any questions or discuss your comments before you finalize them. Please

let me know if you have any preference for the exact day/time of the call.
